The Property Committee have also allowed a contingency of \$7,000.00 for installation expenses.

**yes**

Motion 2

Property Committee makes a motion to hire Acadia Refrigeration & ESP to supply and install a building management system and speed drive on fluid cooler. This is for the Skating rink. The quoted cost is \$35,700.00

**yes**

**Notes:**

Both options are capital expenditures which are needed to be done. I think as discussed the next one should be the curling rink dehum issue which we can afford.

**Great work everyone**

Motion 1

Property Committee makes a motion to purchase two (2) of the Dectron Model DA2.045 dehumidifiers from Acadia Refrigeration. With a total cost of \$39,900.00 plus taxes.

The Property Committee have also allowed a contingency of \$7,000.00 for installation expenses.

yes

Motion 2

Property Committee makes a motion to hire Acadia Refrigeration & ESP to supply and install a building management system and speed drive on fluid cooler. This is for the Skating rink. The quoted cost is \$35,700.00

yes

Notes:

A moot point, but all these expenditures have been budgeted for, correct?

One has to vote yes or no here. Please ad abstain, or need for information to the choices.

I feel this system, while convenient, make rule out the need for meetings.
